

"Who Else Wants \$9,000 Cash Now?"

This offer is 100% true. There are no gimmicks, service charges, or "hidden" fees.

Energy costs are increasing across the board. (I don't even want to think about next winter's gas prices.) So high-efficiency heating & cooling systems will likely go up too.

The longer you use your older energy-robbing system, you may be **losing more money** on utilities and repairs than a new one would cost! Especially when you can put up to \$9000 in your pocket now, pay no interest for a solid year, and kiss repair bills goodbye for 10 years.

Yet if I know this business (after 37 years) this offer **will not** be available when the rest of the market "wises up" and wants in. But if you act now, get the comfort now, and lock in savings now...you don't have to pay any interest for a year. Pretty smart.

3. You'll get options to select a top level Bryant heating & cooling system for comfort and reliability. Plus a 10 year repair warranty to back it up! Approved buyers can...
4. Get a check for up to \$9000 *** to use any way you want. (Even to reduce your price by up to \$9000!)
5. Enjoy comfort and cash with no interest for 12 months! ***
